

LOS ANGELES COUNTY WATERWORKS DISTRICT NO. 40, REGION 4, LANCASTER AVENUE K TRANSMISSION MAIN PHASE IIIA 10TH STREET WEST TO 20TH STREET WEST

Scope:

Install approximately 5,450 linear feet of 36-inch diameter steel transmission water main.

Location:

City of Lancaster — Along Avenue K, between 10th Street West and 20th Street West.

Benefits:

Improves max-day-demand pressures during peak demand, water quality, system reliability, and enhance fire flow capacity throughout the west side of the 2555 pressure zone.

Status:

Concept phase

Start construction:

January 2021
